THE OPPORTUNITY

1840 Island Highway Project is comprised of four legal lots in Colwood, B.C. that are ready for development.

This site is an excellent opportunity for Developers who are interested in working within the West Shore area.

Price: \$32 Million

SITE FEATURES

Legal Addresses

- 339 Wale Road
- 1836 Island Highway
- 1840 Island Highway
- 1844 Island Highway

Prime Location

Situated on the Old Island Highway in Colwood, B.C.

Inventory Required

There continues to be a lack of inventory for first-time home buyers and rentals as the West Shore continues to grow. A completed development on this site will be in high demand.

Zoning

The 4 separate legal lots could be easily amalgamated into one. The opportunity to create such an assembly is exceedingly rare in Greater Victoria.

The current zoning allows for up to 4-storey residential, office or retail. It allows for services such as gas stations and car wash, hotels, restaurants, trade schools, automobile or show rooms. (See "Permitted Uses" next page over).

Up to 50% site coverage is available.

These features make this site a unique, rarely seen development opportunity in the community of Colwood
